This landmark compendium of current thought describes well the serious debate about culture in animals.

The Question of Animal Culture: Laland, Kevin N., Galef ...

The issue of animal culture is hotly debated. Laland and Galef have gathered key voices in the often rancorous debate to summarize the views along the continuum from 'Culture? Of course!' to 'Culture? Of course not!' The result is essential reading for anyone interested in the validity of animal culture, and what it might say about our own.

Animal Cell Culture and Regulation Questions and Answers ...

Wolfe has put together an eclectic anthology on what the subtitle calls (after Derrida) "the question of the animal." Wolfe's excellent introduction and his long examination of Wittgenstein's famous dictum—"If a lion could talk, we could not understand him"—range much further than simply an analysis of language games and are worth the price of the book in themselves.
